

## Module 2 Competence Check

**Congratulations on completing Module 2! You should be able to define Connecting and Convening and identify a few strategies to pursue and adopt. This final exercise will provide you with an opportunity to reflect on the content you learned and consider how you can apply it to your work.**

| Question  | Response |
|---|----------|
| Define and provide an example of Connecting & Convening in your state or community.   |          |
| Identify at least three strategies from the Module 2 guide (or others you have identified) to demonstrate Connecting and Convening. Consider examples that may apply directly to your work. |          |
| Describe how you would operationalize equity within the strategies you identified. Has this changed since you thought about it in Module 1? If so, how?                                     |          |
| What opportunities exist to implement activities in your jurisdiction that demonstrate Connecting & Convening? What challenges exist?   |          |

|   |  |
|---|--|
| <p>List the potential partners with whom you might Connect &amp; Convene. Are these relationships new, existing relationships, or a mix of both? What factors related to this relationship might impede healthy aging work?</p> |  |
|---|--|

The prompts below provide you with the opportunity to reflect further on the Connecting & Convening module and share your thoughts implementing the activities you described.

| Prompt   | Reflection |
|--|------------|
| <p>What approaches and strategies related to Connecting &amp; Convening would you like to learn more about? (Please contact the AFPHS team to learn more at <a href="mailto:afphs@tfah.org">afphs@tfah.org</a>.)</p> |            |
| <p>Describe activities related to Connecting &amp; Convening that you think will be more challenging What are some ways you will approach these challenges?</p>  |            |

Reflecting on the module overall, please describe what you found most interesting?
